

# Are You Considering **KIDNEY DONATION?**

Thank you for your interest in becoming a living kidney donor. Our primary goal is to look after your health, safety, and interests through the donation process.

The first step is for you to complete our confidential online health history questionnaire. Please type the following into your browser:

- Once you have completed this questionnaire, your information will be reviewed by a living donor coordinator. If you are a possible candidate, the coordinator will contact you to review your health history questionnaire and answer any questions you may have.
- Information about the donation process is provided to you through the online questionnaire. Thank you in advance for your generous offer to be a living kidney donor.

If you have any questions call  
**254.724.8912** and a living donor coordinator will  
confidentially answer your questions.

# Benefits of Living Donor Kidney Transplants

- A living donor kidney is the best quality kidney.
- A living donor transplant will eliminate the long wait time on the national deceased donor waiting list.
- Living donation maximizes the chance for a recipient to receive a transplant before the need for dialysis.
- A living donor transplant may be the only option to avoid dialysis.
- Living donor kidneys last twice as long. Living donor kidneys transplanted today will function for an average 20 years.
- The surgery can be timed for the optimal health of the recipient and for donor convenience.
